

Collaboration & Partnership To improve Quality of Education

Dr. HOR PENG

National University of Management (NUM)

Presented at Forum on “Developing Partnerships
to Support High Quality Skills Education Program”

Organized by US Embassy in Cambodia, November 7, 2013,
at Himawari Hotel, Phnom Penh

In Cambodia, Higher Education [universities]
has been growing and expanding.

But it is still localized and mostly
emphasize on basic education.

A major challenge in universities
is low quality of education in general.

Dealing with this challenge, NUM has been
conducted adjustment-reform to improve
quality of education and research.

The goal of adjustment reform is to make
NUM become more globalized.

We understand that a globalized market
demands a high quality in education.

UNESCO's Theory

- (1). Learning to Known
- (2). Learning to Do
- (3). Learning to Live Together
- (4). Learning to Be Responsible

The Current System of NUM

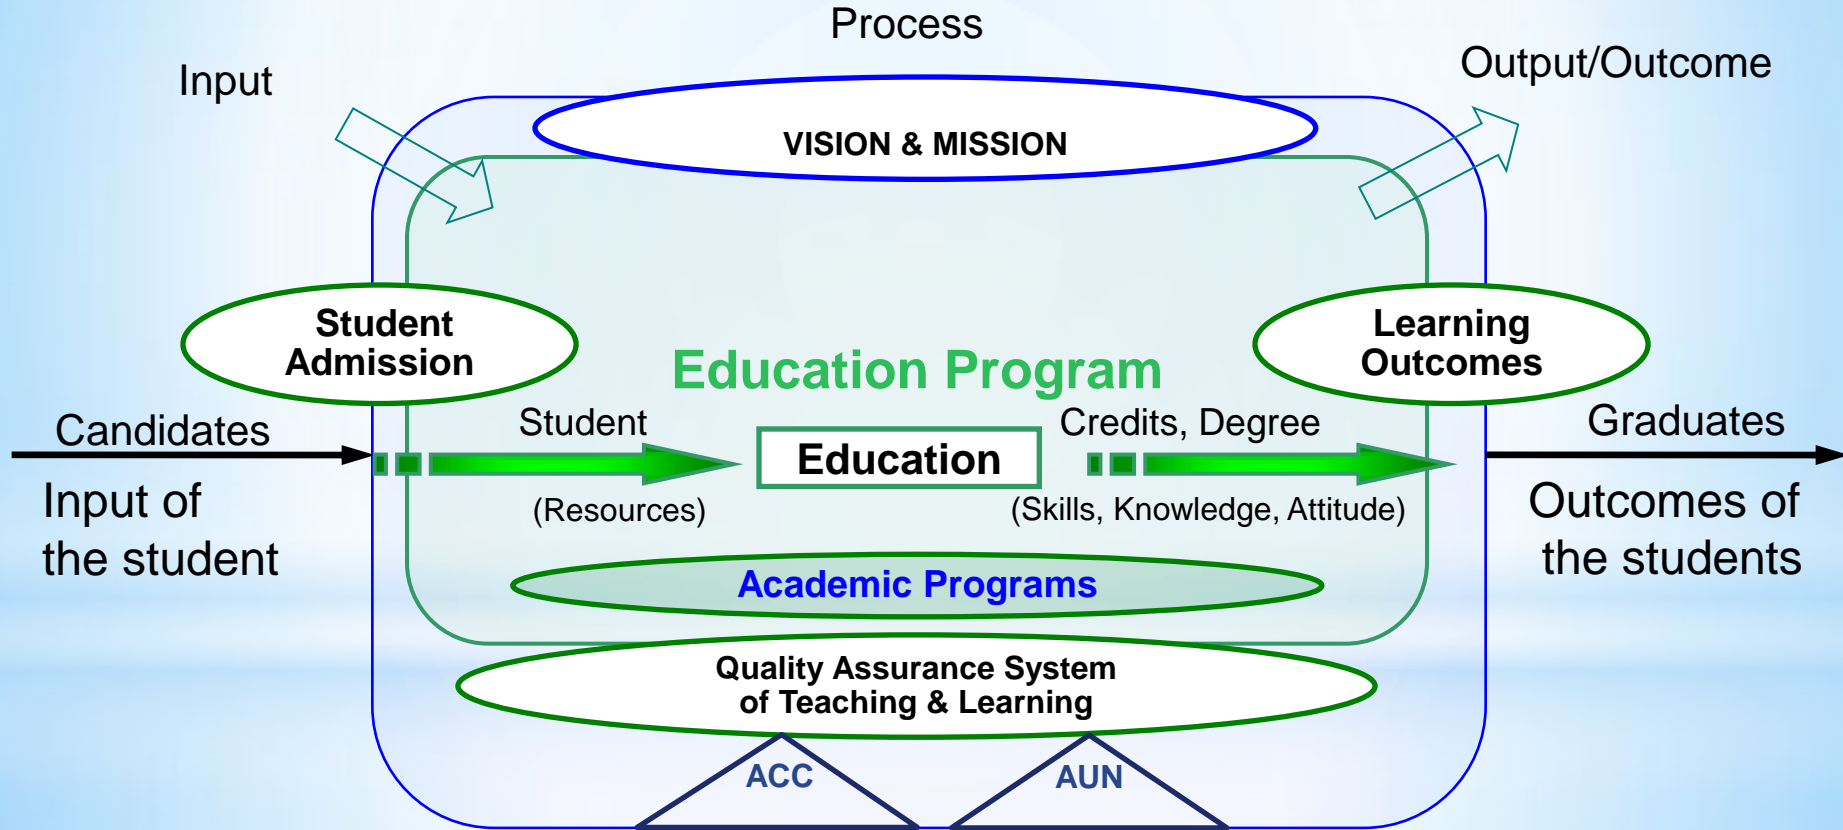

Annual Enrollment (5000)
to Graduated (2800) + drop Rate (800)

- | | |
|--------------------------|---------------------------------------|
| (1). Bachelor Programs | = 16000 (68% has employed at year4) |
| (2). Master Programs | = 1080 (working 100%) |
| (3). Doctoral Program | = 12 (working 100%) |
| (4). Soft Skill Training | = 800 [computer programs + Languages] |

In program-adjustment, NUM has been specifically approached to upgrade its **Bachelor Programs** with international standard.

- (1). Management (BBA)
- (2). Finance (Banking, Accounting)
- (3). Economics
- (4). Tourism (EHR)
- (5). IT (Computer's Program)
- (6). Law (Advocacy)
- (7). English Language

Quality Based Education

To promote a high quality in education, NUM has been looking to form a good partnership with educational institutions and business communities, and especially with reputed universities in the world in order to ensure a smoothly transfer of technical & skill knowledge globally.

Collaboration & Active Partnership [MOU]

- (1). Loyola University Chicago (Faculty & Student Exchange)
- (2). Georgetown University (Research & Training Seminar)
- (3). University of Puget Sound (Faculty & Student Exchange)
- (4). ICN Business School (University of Nancy, France -Research)
- (5). US Embassy to Cambodia (Fulbright Senior Specialists)

.....

In addition to regular programs, NUM has also been developing soft programs to support student in access job market.

Language Skill
